

[Click here](#)

This butterfly, which measures 4" wide by 3" high when worked in no. 20, is made in two parts. The body and lower wings are then followed by the head and upper wings which overlap the lower wings.

Skills Required: A knowledge of Split Rings and adding beads in various ways. To add beads to the very long picots so that they are long enough to be able to take the required number of beads, please [see this page](#). Also block tatting which I have altered slightly to make the pattern easier to work.

Abbreviations

SR	Split Ring	vsp	very small picot	Vlp	very long picot (length given in brackets)
Wsh1	working shuttle 1	Wsh2	working shuttle 2	+B	Add bead to picot before joining
T & C	tie and cut				
_B ^{BBB}	1 bead on Wsh1 and 3 beads on Wsh2 moved to replace picot (NB place the one bead on thread running round the hand before starting the SR).				

Add 2 beads to Wsh1 & 6 beads to Wsh2 before starting.

Body and lower wings

I suggest marking vsp #2 & vsp #6 with a loop of contrasting thread when they have been made.

Block tatting of

Ch: vsp (#1 bottom left of body - make this over a safety pin) 2 vsp 2

Change Wsh, turn work sideways

Ch: 1 vsp (#7 bottom right hand side of body) 3 +(vsp middle previous row) vsp 3 +(1st vsp previous row removing safety pin) Change Wsh, turn work sideways

Ch: 1 vsp 4 +(vsp middle previous row) vsp 4 +(1st vsp previous row) Change Wsh, turn work sideways

Ch: 1 vsp (#6 middle right side body) 4 +(vsp middle previous row) vsp 4 +(1st vsp previous row) Change Wsh, turn work sideways

Ch: 1 vsp (#2 middle left hand side body) 4 +(vsp middle previous row) vsp 4 +(1st vsp previous row) Change Wsh, turn work sideways

Ch: 1 vsp 3 +(vsp middle previous row) vsp 3 +(1st vsp previous row) Change Wsh, turn work sideways

Ch: 1 vsp (#3 top left hand side body) 2 +(vsp middle previous row) vsp 2 (#4 on body) +(1st vsp previous row). Continue with

vsp #1 on body

Feelers

Take the Vlp (18") and cut leaving 5" on the side nearest the wing to finger tat with. Make a chain of 12, tie a knot and cut. Do the same with the other Vlp (18").

If you should need any help or find any mistakes in this pattern, [please email me.](#)
