Materials. 20 thread, 2 shuttles, 2 cotton balls measuring 4cm and 5 cm across. Wind both shuttles with continuous thread.

Abbreviations

cm	centimetres	ds	double stitch
SR	split ring	Ch	chain
R	ring	p	picot
+	join	vsp	very small picot

Ring 1. 7 picots separated by 2ds. Close. False picot.

Chain1. 2-2 join to next picot all round.

SR. 3-3/3-3, close

Chain 3-3, * R 3+3+3-3, Ch, 3-3 *

Repeat from *-* all round.

SR, 4-4/4-4, Ch 4-4, R, 4+4+4-4. Work all round as in previous round. Allow 2 picots on 2 chains to be large enough to pick up a bead in the next round.

SR 4-4/4+4, (make all side picots a little longer in this round) chain 4-4, R, 4+4+4-4 and pick up a bead while joining in the ring and on the next ring as well. Continue this round until two rings remain unworked. Place the 4cm ball into the work and finish the round. This and the next row are difficult but not impossible.

SR 3-3-3/3, and then 3-3/3-3 until last ring which is 3/3+3+3.

SR 4-4/4-4 * chain 4-4, R 4+4+4-4. Repeat all round from *.

End with a chain. SR 5-5/5-5, Ch 5-5, R 5+5+5-5. Repeat this round once more.

Cut a small slice from base of 5cm ball and fix it into work when last round is nearly finished.

Work SR 4-4/4-4, Ch 4-4, R 4+4+4-4 as before. Work a chain all round 2-2. Take a thread through these last chain picots and pull to gather it up well on the base.

Scarf using Perle 12 in two colours of thread and 4 shuttles with continuous thread on each pair. Work a SR with first pair 6/6 and before closing push the second pair through the ring. Work the second SR 6/6 with contrast colour and as before push the shuttles through the ring before closing it. Repeat this for 9-10 inches. Make a small tassel at each end by adding threads to the end rings.

Baseball cap

Work the first 3 rows as for the head. Work ch3, join to next picot, ch 3, join at base of each ring all round.

Peak

Turn work and with chains of 3ds join to previous join along the work until the third ring along is reached. Turn and work back. Work one row of ch2+2 all along previous row. Cut and tie. Attach to head with two matching glass headed pins.
