The bear is made with a number 20 crochet thread (I used Manuella) and two polystyrene 'balls' which are easily obtained from craft stores. The finished bear is 3 ¾" high.

Abbreviations

R	ring	Ch	chain
- or p	picot	SR	split ring
/	after the / make 2nd half of SR	B	move bead in place of p
+B	add bead to picot before joining	Btwn	between
seta	four first half of ds	setb	four second half ds
vsp	very small picot (smallest you can make)	+	join
Fp	false picot	Cl	close
T & C	Tie and cut		

Materials required:- 2 polystyrene balls. 1 measuring 6 ½" in circumference (body) and 1 measuring 5" (head), no. 20 thread, four shuttles (not to be used all together!), three beads (size 4mm).

Skills required – split rings, Victorian 'sets'.

Tension – head (this is only if you want to check before starting.

R1: 4 – 4 – 4 – 4

Ch: 4 – 4 14 fit round the circumference of the head.

Tension – body

SR: 8 vsp 8 / 8 vsp 8 – 14 SR's or 17 rings and chains (as in the head) fit round circumference of body

Head – using smaller ball & 2 shuttles with one B on

Fig. 10

Assembling the Bear

Using the main coloured thread and with the first rounds of the body facing you, attach the head with the snout towards you.

When sewing on the arms and legs I took a length of thread and unraveled it into strands to make it into a sewing thread. The arms are sewn on with a 'bend' at the top and using the vsp's on the chains. The legs are sewn as they fit onto the front and side using the vsp's on the SR's. I cannot say exactly where they are joined onto the body as it is up to the individual!!! A ribbon can be tied round the neck to finish the bear off.

If you have any problems please [email me](mailto:janeeborall@freeservers.com).
