**Abbreviations**

R	ring	Ch	chain
<sup>BBB</sup>	3 beads on outer part of SR	B	1 bead on inner part of SR
+ B	Add bead to picot before joining	B	Bead moved into place
Cl	close	RW	Reverse work
SR	Split ring		

**Outer segment of fan** - for each outer section of fan add 7 beads to Sh1 & 21 beads to Sh2

**Inner sections (2 - 4) of fan** - work the next section using a new colour for the rings and adding 2 beads to Sh1 and 6 to Sh2. Join all chains to the chains of previous section adding a bead to each picot. Make two more sections in the same way.

**Final outer section of fan** - add 7 beads to Wsh1 & 21 beads to Wsh2

Work as section 4 until SR7 has been completed.
